

Notice of Proposed No Further Action

For

Garberville Texaco, Former
776 Redwood Drive
Garberville, California

Case Number 1THU100

Humboldt County

Notice Posting Date: February 27, 2020

End of Comment Period: April 27, 2020

A soil and groundwater investigation was conducted at the above-referenced site and a release of petroleum hydrocarbons was documented. Although some contamination remains, this site meets the conditions for closure under the State Water Resources Control Board's "Low-Threat Underground Storage Tank Case Closure Policy." Regional Water Board staff proposes that no further work be required. The purpose of this notice is to inform interested parties, including owners of nearby land, that the case is being considered for closure, and to invite public comment on this proposed decision.

Problem Description

Three storage tank fuel system, removed in June 2019, released gasoline to soil and groundwater at this site. Soil and groundwater at and around the site have been investigated. Groundwater monitoring at the site has shown contamination in groundwater in the immediate vicinity of the site, but the contamination is no longer spreading. No water supply wells were impacted by this contamination.

Proposed Action

Case closure is proposed. This site meets the conditions for closure under the State Water Resources Control Board's "[Low-Threat Underground Storage Tank Case Closure Policy](#)."

Unless significant comments are received or new information is presented regarding this site, Regional Water Board staff plans to proceed with the closure process upon conclusion of the comment period.
